2018 Agriculture Establishes Success, Conference

The Agriculture Establishes Success Conference (ACES) will be held the first three weekends in February in Harrisburg, PA. Approximately 1500 students from all across Pennsylvania, attend workshops focusing on career readiness skills, team work and leadership. Workshops led by current and past State FFA Officers are hands-on and interactive. This one-night, two-day conference concludes on Sunday morning with a breakfast and a motivational speaker. Each year the members focus on a service project. Last year the members raised \$1200 for Ruth's Harvest, a local back pack program feeding school age children over the weekend.

The PA FFA Foundation is looking for sponsors to enable students to attend the conference with a lower registration cost. We invite our partners to attend any segment of this conference. Partners may place a "welcome" letter in each participant's notebook. During meals event partners' banners are placed throughout the dining room for additional exposure.
