Thank-You, Farewell

The 81st annual State Activities Week was held June 15-17. Members came from around the commonwealth to compete in various career development events (CDEs). Congratulations to all of those who are moving onto the Big E and National Convention. We could not be more proud of you.

Among the nearly 1,500 members to flock the Penn State University campus were 22 state officer candidates. Each candidate had the ability, drive and talent to serve as a state officer. Unfortunately, only 11 candidates could be chosen for this position.

We would love to congratulate the 2010-2011 Pennsylvania FFA State Of-

ficer Team. May you learn the meaning of selflessness and take advantage of every opportunity that you meet.

After 536,028 minutes and 372 days, our year has come to an end. It seems like yesterday we were at WPLC playing on the beach, conducting workshops at ACES and debating legislation at SLLC. Caleb said it perfectly when he stated, "To say it was an honor to serve you (Pennsylvania FFA members) is an understatement." We promise to never forget the memories you have provided. Thank you for your passion of agriculture, love of our organization and endless friendship.

Until our paths cross again, God Bless.

Thank you, Pennsylvania FFA!

"A moment lasts all of a second, but the memory lives on forever!"
